

Stand ST 60

Stand ST 60 was developed for easy mounting and quick setup of any display measuring from 42" or larger. The maximum load capacity is 100 kg. When needed four castors (two with brake) enable simple and effortless mobility of the whole unit. Light tubular construction ensures optimal stability. Mounting kit is included. The stand is equipped with a shelf for a notebook, which can also be used for storing other supplies. ST 60 is available in anthracite colour.
